

Utility form-finisher with boiler

Ideal unit for the finishing of coats, jackets, dresses etc. The working cycles are completely automated thanks to an electronic card, with which it is possible to set nine different cycles, and to regulate the steaming and the drying time. The

dummy support (frame) along with its controls can carry out a 360°-rotation and is available in three different sizes: Standard, Maxi (for particularly long clothes) or Mini (for children's clothes). Majestic A features a built-in steam boiler, and an

automatic water feeding and pressure control.
