PERFECT COOKING EFFICIENT KITCHEN

One touch is
enough for
perfect cooking!

Time saving and an
excellent flavor is just
a button away with the
convenience of the
touch screen, innovative
cooking modes and
adjustment buttons

Inosmart steam generator
ovens make cooking more
efficient thanks to the
powerful steam generator,
which is ready to produce
steam at any time. With the
touchscreen and digital
options, you can take a
closer look at the Inosmart
family.

- Height: 500 mm
- Heat Capacity: 4 kW
- Net Weight: 28 kg

The body of the appliance is made of AISI 304 quality 18/8 Cr-Ni stainless steel. The chassis has profile construction.

Its height can be adjusted between 820 mm to 960 mm with adjustable legs.

1,5 module kitchen stoves also have a warm cabinet made of stainless steel.

Cast iron grills are resistant to 120 kg load.

It has wet collecting trays that collect oil leaks. The furnace block is made of aluminized sheet and is insulated all around.

Thanks to the heat resistant glass, the inside of the oven can be seen without opening the oven door.

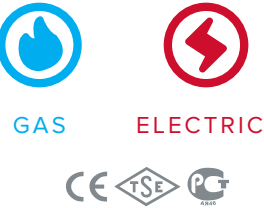

COOKING EQUIPMENTS

DONER KEBAB MACHINE WITH ROBAX GLASS FOR A HEALTHY COOKING

DONER KEBAB MACHINE ROBAX GLASS, 3 LEVELS MOTOR ON THE TOP

Since the doner kebab does not contact with the flame, carcinogenic gases are not transmitted to the meat. It cooks deeply and does not burn the surface of the meat. It prevents water and vitamin loss in meat by 25%.

INO-PDE303
ROBAX GLASS 3 LEVELS MOTOR ON THE TOP

İnoksan's environmentally friendly BYM family, which can wash from 500 to 6000 plates per hour, provides water, electricity and detergent savings with its efficiency principle.

DISHWASHERS

ARE YOU
AWARE OF
THE DANGER
YOU ARE
EXPOSED TO?

Hygiene is not enough for cleaning. Bacteria grow rapidly between 5 and 65 degrees, reproduction stops at 65 degrees and the bacteria begin to die at higher temperatures. In order to completely eliminate them, the rinsing process must be done with water at 85 degrees. The use of an industrial type dishwasher provides a cost advantage of 1 to 6 compared to manual washing and 1 to 9 compared to household dishwasher in terms of water consumption, time, labor and product usage.
