GB

The manufacturer declines all responsibility for the damages to things or persons caused by the inobservance to the following instructions.

The following instructions are intended for qualified and authorized personnel.

It is forbidden to modify or add devices that change the machine working.

It is recommended to act in a place with adequate space.

It is necessary to disconnect completely the machine from the electric and hydric network,

Remember that it is compulsory to use cut preventer gloves and accidents preventer shoes.

The time necessary to complete the inversion is about 60 minutes

DE

Der Hersteller übernimmt keine Haftung für Sach- oder Personenschäden bei Nichteinhaltung der gegebenen Anweisungen.

Die folgenden Anleitungen richten sich an qualifiziertes und autorisiertes Fachpersonal.

Änderungen oder das Hinzufügen von Vorrichtungen, die den Maschinenbetrieb ändern, sind verboten.

Es sollte in einem Raum mit ausreichend Platz gearbeitet werden.

Das Gerät muss vollständig von der Strom- und Wasserversorgung getrennt werden. Die Wanne und der

Boiler müssen vollständig entleert sein.

Wir weisen darauf hin, dass aus Sicherheitsgründen schnittsichere Schutzhandschuhe und Sicherheits-Arbeitsschuhe getragen werden müssen.

Die für die gesamte Arbeit benötigte Arbeitszeit beträgt ungefähr 60 Minuten.

F

Le constructeur décline toute responsabilité pour dommages aux choses ou personnes, découlant de la non observation des instructions données.

Les instructions qui suivent sont destinées à un personnel agréé et qualifié.

Il est interdit de modifier ou augmenter les dispositifs qui changeraient le fonctionnement de la machine.

Nous vous invitons à effectuer l'opération dans un espace adéquat.

La machine doit être totalement débranchée du réseau électrique et hydraulique et la cuve et le chauffe-eau complètement vides.

Nous rappelons que les personnes travaillant sur la machine doivent obligatoirement porter des gants et des chaussures de sécurité.

Le temps de l'opération complète est d'environ 60"

I

Il costruttore declina ogni responsabilità per danni a cose o persone derivanti dalla inosservanza delle istruzioni date.

Le seguenti istruzioni sono destinate a personale qualificato ed autorizzato.

E' vietato riportare modifiche o aggiunte di dispositivi che cambiano il funzionamento della macchina o del kit rappresentato.

Invitiamo di operare in un ambiente con spazio adeguato per poter accedere alla macchina da ogni lato.

La macchina dovrà essere totalmente scollegata da rete elettrica ed idrica.

Ricordiamo che per la sicurezza di chi vi opera è obbligatorio utilizzare guanti anti taglio e scarpe anti infortunistiche.

Il tempo impiegato per l'operazione completa è di circa 60 minuti
